ABOUT

I'm an enthusiastic and dedicated Full Stack Web Developer with practical experience in PHP, MySQL, JavaScript, HTML, CSS, and Bootstrap. I specialize in building dynamic, responsive, and user-friendly websites, with a strong focus on clean code and efficient backend logic. I've worked on various real-world projects, including blog systems, login/register portals, and admin dashboards. I enjoy learning new tools and improving my skills continuously to keep up with modern web development trends.

EDUCATION

Bachelor

PROFESSIONAL EXPERIENCES

Full Stack PHP Developer (Intern) -- Onsite

Hidaya Institute of Science and Technology (HIST), Jamshoro

Feb to May 2025

- Developing Online-Blogging-Application using PHP, MySQL, JavaScript, HTML, and CSS Bootstrap.
- Designed and implemented modules like login/register systems, blog management.
- Built admin dashboards with user role management, activation/deactivation features, and login tracking using file-based logs.
- Applied Bootstrap for responsive and modern UI designs.

WordPress Intern (Intern) -- Onsite

June to July 2025

Hidaya Institute of Science and Technology (HIST), Jamshoro

- Customized WordPress themes and plugins to meet project requirements, including basic PHP templating.
- Developed responsive, SEO-friendly websites using Elementor and custom widgets.
- Worked on site optimization, performance tuning, and implemented basic security practices.

PROJECTS

- **FYP Projects Portal (Final Year Project)**
- Developed a role-based web portal using HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL to automate final-year project management, including proposal submission, evaluation, and tracking for students, supervisors, and coordinators.
- **Blog Management System**
- Built a complete blogging platform with user registration, login, role-based dashboards (admin, editor), and CRUD operations for posts.
- Implemented pagination, category management, and user feedback features using PHP, MySQL, and Bootstrap.

SKILLS

- Programmer
- Front-End Development: HTML, CSS, Bootstrap, javascript
- Back-End Development: PHP, MySQL (Basic Proficiency)
- MS Word, MS Excel

CERTIFICATE

- **Software Development Training – Hidaya Institute of Science & Technology**
Completed 364.5 hours of hands-on training from Feb 2025 to May 2025, covering PHP with MySQL (Basic Level), HTML5, CSS3, Bootstrap, JavaScript, AJAX, OOP, database design, and web-based application development.
- Completed 'WordPress' from **Hidaya Institute of Science & Technology**.
- Completed 'Graphic Design' from Cloud Gen Solution Academy.
- **Agentic AI Course – The Institute of Management & Entrepreneurship (TIME), Hyderabad**
Completed 1 month hands-on training in December 2025, covering Agentic AI fundamentals, prompt-to-agent design, task automation workflows, AI tools usage, and development of real-world AI-based projects.
